Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 02 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry night before locally heavy showers Saturday.

This Evening and Tonight:
The last of the day's showers expected to clear in the early evening, leaving a largely dry night with clear spells. Chance of scattered showers, locally heavy, returning in the pre-dawn hours Saturday morning. Minimum temperature 9 deg C (48 deg F).

Saturday:
A largely cloudy start with outbreaks of showery rain, locally heavy through the morning. A few sunny spells through the afternoon and evening with scattered showers, locally heavy and thundery. Maximum temperature 20 deg C (68 deg F).

Outlook for Sunday to Tuesday:
Sunny spells and locally heavy and thundery showers on Sunday. Bright with showers early Monday, before increasing cloud and heavy rain later. Blustery on Tuesday with showers and sunny spells.
